INDEPENDENT AUDITORS' COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

May 14, 2014

Board of Directors
Calhoun County Consolidated Dispatch Authority

We have audited the financial statements of the governmental activities and the major fund of the *Calhoun County Consolidated Dispatch Authority* (the "Authority") as of and for the year ended December 31, 2013, and have issued our report thereon dated May 14, 2014. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated December 19, 2013, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of the Authority. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter and in our meeting about planning matters on March 24, 2014.

Significant Results of the Audit

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Authority are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Authority during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Management's estimate of the useful lives of depreciable capital assets is based on the length of time it is believed that those assets will provide some economic benefit in the future.
- Management's estimate of the accrued compensated absences is based on current hourly rates and policies regarding payment of sick and vacation banks.
- The assumptions used in the actuarial valuation of the pension plan are based on historical trends and industry standards.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not identify any misstatements during our audit.

Upcoming Changes in Accounting Standards

Generally accepted accounting principles (GAAP) are continually changing in order to promote the usability and enhance the applicability of information included in external financial reporting. While it would not be practical to include an in-depth discussion of every upcoming change in professional standards, Attachment A to this letter contains a brief overview of recent pronouncements of the Governmental Accounting Standards Board (GASB) and their related effective dates. Management is responsible for reviewing these standards, determining their applicability, and implementing them in future accounting periods.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the attached management representation letter dated May 14, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the governing body and management of the *Calhoun County Consolidated Dispatch Authority* and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Rehmann Loham LLC

Attachment A - Upcoming Changes in Accounting Standards

For the December 31, 2013 Audit

The following pronouncements of the Governmental Accounting Standards Board (GASB) have been released recently and may be applicable to the Authority in the near future. We encourage management to review the following information and determine which standard(s) may be applicable to the Authority. For the complete text of these and other GASB standards, visit www.gasb.org and click on the "Standards & Guidance" tab. If you have questions regarding the applicability, timing, or implementation approach for any of these standards, please contact your audit team.

GASB 66 ■ 2012 Technical Corrections (an Amendment to GASB 10 and GASB 62) *Effective 12/15/2013 (your FY 2014)*

This standard was issued to eliminate conflicting guidance that resulted from the issuance of GASB 54 and GASB 62, which are both already effective. GASB 10 was amended to allow for risk financing activities to be accounted for in whichever fund type is most applicable (no longer limited to the general fund or an internal service fund). GASB 62 was amended to modify specific guidance related to (1) operating leases with scheduled rent increases, (2) purchase of loans at an amount other than the principal amount, and (3) service fees related to mortgages that are sold when the service rate varies significantly from the current (normal) service fees.

We do not expect GASB 66 to have any significant impact on the Authority at this time.

GASB 67 ■ Financial Reporting for Pension Plans

Effective 06/15/2014 (your FY 2014)

This standard establishes the requirements for pension plans administered by trusts to report on their operations, including setting new uniform requirements for actuarial valuations of the total pension liability, and reporting various 10-year trend data as required supplementary information. The financial statements of pension plans will not change substantially as a result of GASB 67, though the additional note disclosures and required supplementary information will be significant. Additionally, actuarial valuations conducted in accordance with GASB 67 will have to match the government's fiscal year, or be rolled forward to that date by the actuary.

Because the Authority does not maintain its own pension trust fund, we do not expect GASB 67 to have any significant impact on the Authority at this time.

GASB 68 ■ Accounting and Financial Reporting for Pensions

Effective 06/15/2015 (your FY 2015)

This standard establishes new requirements for governments to report a "net pension liability" for the unfunded portion of its pension plan. Governments that maintain their own pension plans (either single employer or agent multiple-employer) will report a liability for the difference between the total pension liability calculated in accordance with GASB 67 and the amount held in the pension trust fund. Governments that participate in a cost sharing plan will report a liability for their "proportionate share" of the net pension liability of the entire system.

CALHOUN COUNTY CONSOLIDATED DISPATCH AUTHORITY

Attachment A - Upcoming Changes in Accounting Standards

For the December 31, 2013 Audit

Historically, governments have only been required to report a net pension obligation to the extent that they have not met the annual required contribution (ARC) in any given year. Upon implementation of this standard, governments will be required to report a net pension liability based on the current funded status of their pension plans. This liability would be limited to the government-wide financial statements. Changes in this liability from year to year will largely be reflected on the income statement, though certain amounts will be deferred and amortized over varying periods.

GASB 68 also requires more extensive note disclosures and required supplementary information, including 10 years of historical information. The methods used to determine the discount rate (the assumed rate of return on plan assets held in trust) are mandated and must be disclosed, along with what the impact would be on the net pension liability if that rate changed by 1% in either direction. Other new disclosure requirements include details of the changes in the components of the net pension liability, comparisons of actual employer contributions to actuarially determined contributions, and ratios to put the net pension liability in context. For single-employer and agent multiple-employer plans, the information for these statements will come from the annual actuarial valuation. For cost sharing plans, this information will be derived from the financial reports of the plan itself, multiplied by the government's proportionate share of plan.

GASB 67 and 68 are only applicable to pension plans. However, the GASB has announced its intent to issue similar standards for other postemployment benefits (e.g., retiree healthcare) on a two year delay from these standards.

GASB 69 ■ Government Combinations and Disposals of Government Operations *Effective 12/15/2014 (your FY 2015)*

This standard provides detailed requirements for the accounting and disclosure of various types of government combinations, such as mergers, acquisitions, and transfers of operations. The guidance available previously was limited to nongovernmental entities, and therefore did not provide practical examples for situations common in government-specific combinations and disposals. The accounting and disclosure requirements for these events vary based on whether a significant payment is made, the continuation or termination of services, and the legal structure of the new or continuing entity.

Given the infrequent nature of these types of events, we do not expect this standard to have any impact on the Authority at this time.

Attachment A - Upcoming Changes in Accounting Standards

For the December 31, 2013 Audit

GASB 70 ■ Nonexchange Financial Guarantees Effective 06/15/2014 (your FY 2014)

This standard addresses the accounting and disclosure of situations in which one government offers a financial guarantee on behalf of another government, not-for-profit organization, private entity, or individual without directly receiving equal or approximately equal value in exchange (a nonexchange transaction). A government that extends a nonexchange financial guarantee will be required to recognize a liability when qualitative factors and/or historical data indicate that it is "more likely than not" that the government will be required to make a payment on the guarantee. It further requires governments to disclose any outstanding financial guarantees in the notes to the financial statements.

We do not expect GASB 70 to have any significant impact on the Authority at this time.

GASB 71 ■ Pension Transition for Contributions Made Subsequent to the Measurement Date Effective with the Implementation of GASB 68

This standard is an amendment to GASB 68, and seeks to clarify certain implementation issues related to amounts that are deferred and amortized at the time GASB 68 is first adopted. It applies to situations in which the measurement date of an actuarial valuation differs from the government's fiscal year.

We have reviewed, approved, and taken responsibility for the financial statements and related notes.
- 2. We have reviewed and approved the various adjusting journal entries that were proposed by you for recording in our books and records and reflected in the financial statements.
- 3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 4. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- 5. Significant assumptions used by us in making accounting estimates are reasonable.
- 6. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP. For the purposes of this letter, related parties mean members of the governing body; board members; administrative officials; immediate families of administrative officials, board members, and members of the governing body; and any companies affiliated with or owned by such individuals.
- 7. All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- 8. The effects of uncorrected misstatements summarized in the attached schedule and aggregated by you during the current engagement are immaterial, both individually and in the aggregate, to the applicable opinion units and to the financial statements as a whole.
- 9. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- 10. With regard to items reported at fair value:

- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated courses of action.
- b. The measurement methods and related assumptions used in determining fair value are appropriate in the circumstances and have been consistently applied.
- c. The disclosures related to fair values are complete, adequate, and in conformity with U.S. GAAP.
- d. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.
- 11. All funds and activities are properly classified.
- 12. All funds that meet the quantitative criteria in GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, and GASB Statement No. 37, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments: Omnibus, for presentation as major are identified and presented as such and all other funds that are presented as major are considered important to financial statement users.
- 13. All components of net position and fund balance classifications have been properly reported.
- 14. All revenues within the statement of activities have been properly classified as program revenues, general revenues, contributions to term or permanent endowments, or contributions to permanent fund principal.
- 15. All expenses have been properly classified in or allocated to functions and programs in the statement of activities, and allocations, if any, have been made on a reasonable basis.
- 16. All interfund and intra-entity transactions and balances have been properly classified and reported.
- 17. Deposit and investment risks have been properly and fully disclosed.
- 18. Capital assets, including infrastructure assets, are properly capitalized, reported, and if applicable, depreciated.
- 19. All required supplementary information is measured and presented within the prescribed guidelines.
- 20. We believe that the actuarial assumptions and methods used to measure pension and other postemployment benefit liabilities and costs for financial accounting purposes are appropriate in the circumstances.

Information Provided

- 21. We have provided you with:
 - a. Access to all information, of which we are aware that is relevant to the preparation and fair presentation of the financial statements of the various opinion units referred to above, such as records, documentation, meeting minutes, and other matters;
 - b. Additional information that you have requested from us for the purpose of the audit; and
 - c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- 22. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- 23. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- 24. We have no knowledge of any fraud or suspected fraud that affects the entity and involves:
 - a. Management:
 - b. Employees who have significant roles in internal control; or
 - c. Others where the fraud could have a material effect on the financial statements.
- 25. We have no knowledge of any allegations of fraud, or suspected fraud, affecting the entity's financial statements communicated by employees, former employees, vendors, regulators, or others.
- 26. We are not aware of any pending or threatened litigation and claims whose effects should be considered when preparing the financial statements and we have not consulted legal counsel concerning litigation or claims.
- 27. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware.

- 28. There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in accounting, internal control, or financial reporting practices.
- 29. The government has no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
- 30. We have disclosed to you all guarantees, whether written or oral, under which the government is contingently liable.
- 31. We have identified and disclosed to you the laws, regulations, and provisions of contracts and grant agreements that could have a direct and material effect on financial statement amounts, including legal and contractual provisions for reporting specific activities in separate funds.
- 32. There are no:
 - a. Violations or possible violations of laws or regulations, or provisions of contracts or grant agreements whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency, including applicable budget laws and regulations.
 - b. Unasserted claims or assessments that our lawyer has advised are probable of assertion and must be disclosed in accordance with GASB-62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30*, 1989 FASB and AICPA Pronouncements.
 - c. Other liabilities or gain or loss contingencies that are required to be accrued or disclosed by GASB-62.
- 33. The government has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset or future revenue been pledged as collateral, except as disclosed to you.
- 34. We have complied with all aspects of grant agreements and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 35. We have disclosed to you all significant estimates and material concentrations known to management that are required to be disclosed in accordance with GASB-62. Significant estimates are estimates at the balance sheet date that could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets or geographic areas for which events could occur that would significantly disrupt normal finances within the next year.

Required Supplementary Information

- 36. With respect to the required supplementary information accompanying the financial statements:
 - a. We acknowledge our responsibility for the presentation of the required supplementary information in accordance with accounting principles generally accepted in the United States of America.
 - b. We believe the required supplementary information, including its form and content, is measured and fairly presented in accordance with accounting principles generally accepted in the United States of America.
 - c. The methods of measurement or presentation have not changed from those used in the prior period.
 - d. We believe the significant assumptions or interpretations underlying the measurement or presentation of the required supplementary information, and the basis for our assumptions and interpretations, are reasonable and appropriate in the circumstances.
